Do you want to help kids succeed in school?

Be a Behavioral Assistant in New Brunswick/ Piscataway Schools

Behavioral Assistants (BAs) will work as part of a team under the direct supervision of experienced professional Behaviorists. This is a 1 credit/semester for Fall and Spring semesters (2 credits total for both semesters).

This unique opportunity will allow BAs to interact with teachers and children and implement cognitive-behavioral interventions to address behavioral difficulties for students in New Brunswick/Piscataway schools. Behavioral Assistants will be expected to:

- Work in schools for approximately 3 hours per week.
- Attend and participate in regularly scheduled training/supervision recitations to communicate about classroom/student progress on target behaviors.
- Provide direct support to students and classroom teachers through implementation of: Applied Behavior Analysis (ABA).

BAs are required to provide their own transportation to and from their service site. Because stability is so important to the children involved, students are asked to make a 2-semester commitment.
